RE: Member Carrier Web Accounts

The Minnesota Workers' Compensation Insurers Association, Inc. (MWCIA) is pleased to announce changes regarding MWCIA's web accounts for member carriers.

Effective January 1, 2008, MWCIA member carriers will no longer be charged a separate membership fee by MWCIA for maintaining a web account. Rather, this cost will become part of MWCIA's annual operating assessments. This means that all MWCIA member carriers can establish a member web account without additional charge, and member carriers will be able to utilize multiple user accounts.

Member carriers' accounts allow member carriers access to all products and content available on both the public and member portions on the MWCIA website. To establish access, member carriers that do not have a current account must register for a web account by contacting MWCIA at <http://www.mwcia.org/inquiries/AcctSetup.jsp>. If a member carrier has a current web account the user name and password will remain the same.

Subscribers to the MWCIA web account who are not member carriers will continue to be charged separately for this service. The access of these subscribers to parts of the MWCIA website will also remain unchanged.

Please direct any questions you may have regarding MWCIA web accounts to MWCIA's Member & Customer Services' staff at 952.897.1737 (Option 1) or via email at info@mwcia.org.
